Butterball's Profile

Butterball

Today we've received many questions regarding halal process. Butterball facilities follow the USDA guidelines for halal process. You can find additional information by calling the USDA hotline 888-674-6854 and hitting 7. The USDA hotline is provided by the department to address food safety, product and labeling questions.

John Henry Threads like this make me hope that some of you end up getting the country you seem to want so badly.
Right after I get the hell out of here.
